RE: Hackney Ladish Price Sheet Announcement

To Our Valued Partners,

The last Hackney Ladish price sheet changes in October of 2011 represented an overall reduction in prices. Since those price sheet changes we have experienced price increases in raw material as well as other increases in the cost of doing business. As a result, Hackney Ladish is announcing its first price sheet increase since 2008.

Attached you will find the new Hackney Ladish Price Sheet, HL 3-18, which represents an approximate 8% increase from the HL 10-11 sheet. This new sheet is effective Monday, March 19.

Like all those in our industry we will be monitoring the impending announcement on Section 232 related to tariffs on imported steel. Once that announcement happens we will determine its impact and decide if further price sheet actions are necessary.

Hackney Ladish is committed to the domestic weld fitting market and will continue to be “the most trusted name in domestic butt weld fittings.”

Thanks for your continued support of Hackney Ladish.

Respectfully,

Jeff Carr
